We are located in Corte Real, Room 1000A.

***NOTE:** The information provided in this handbook is accurate as of June 2016, however, the content is subject to change.*

Internationalization Office  
Memorial University of Newfoundland  
2016

Welcome to Memorial University!

The mission of the Internationalization Office is to coordinate on-campus services for international students in areas such as, but not limited to: settlement, immigration, health insurance, income tax, housing, and social integration. Our staff looks forward to meeting you:

- ✓ **Juanita Hennessey** is an International Student Advisor responsible for outreach services. Juanita is available to meet with students, one-on-one to discuss personal issues. She also coordinates our weekly social groups: Discussion Group and Coffee Club.
- ✓ **Natasha Clark** is an International Student Advisor responsible for health insurance and immigration advising. All registered international students are automatically enrolled in a Foreign Health Insurance Plan. As an international student you should understand your mandatory health insurance as well as other options for insurance. As a regulated immigration consultant, Natasha can meet with you to answer questions you have about your temporary immigration status in Canada.
- ✓ **Valeri Pilgrim** is an International Student Advisor responsible for the Arrivals Program (including Airport Greeter Service) and Off-Campus Housing. If you have issues with a roommate or landlord, would like more information about arrivals assistance, or are having difficulty locating a home, you should speak with Valeri. Valeri also runs the Tax Program and will coordinate sessions to help you properly complete your income tax return.
- ✓ **Ying Zhang** is the International Student Transitions Program Coordinator. She is responsible for coordinating volunteers within the IO and she coordinates the MUN Mentors program. The MUN Mentors program matches new international students with upper-year students at Memorial. Ying can assist you with on and off-campus employment, work permit inquiries, résumé development, and interview skills.
- ✓ **International Families Coordinator and Culture-to-Community (C2C) Program Coordinator.** The coordinator will meet with you if you are an international student with a family and can provide you with helpful information regarding childcare, community services and events. The Culture-to-Community Program is a program where volunteers travel to elementary and primary schools in Newfoundland to present to young children about their home culture.
- ✓ **Chris Hibbs** is an International Programs Coordinator and is responsible for supporting inbound and outbound exchange opportunities for students at Memorial.

Our office is open weekdays from 9:00 am – 1:00 pm and 2:00 pm - 5:00 pm (closing at 4:30 from early June to early September). You are always welcome to come in and see us, but you may also book an appointment with a specific advisor, if necessary.

We wish you the very best in your studies,  
IO Staff

## 2. Checklist for Your First Few Days

### ✓ **Email or call your family**

Your family and friends will want to know you arrived in Canada safely. You are welcome to use the phone and computers at the IO Office, Corte Real, Room 1000A, or the computers at the QEII Library.

### ✓ **Register with the IO Office**

All new international students are required to register with the IO Office. To register you must do two things: (1) Complete the online check-in form available through your my.mun.ca account. (2) Attend an IO Information Session. Information Sessions are held during Orientation. If you arrive early or arrive late, you can attend an alternate session. For a complete schedule, visit [www.mun.ca/isa/new/visit.php](http://www.mun.ca/isa/new/visit.php).

### ✓ **Find housing**

If you haven't done so already, you will need to find somewhere to live.

On-campus housing is managed by the Housing Office, Hatcher House, Room 313 with the exception of Feild Hall, a graduate student residence managed by the Graduate Student Union (GSU), Feild Hall, Room 2007.

Off-campus housing assistance is provided by the IO, Corte Real, Room 1000A and the Off-Campus Housing Office, Hatcher House, Room 321. To read about living off campus and searching for off-campus accommodations, see page 14.

For contact information for the Housing Office and Off-Campus Housing Office, see page 14. For contact information for the GSU, see page 66.

### ✓ **Update your address with the university**

You can update your address and contact information through your student account using the Memorial Self Service, which you can access directly off the main Memorial web page, [www.mun.ca](http://www.mun.ca)

### ✓ **Write the English Placement Test (EPT) (if applicable)**

All undergraduate and graduate students beginning a program at Memorial University for the first time, who were required to provide proof of English proficiency such as a TOEFL or IELTS score, must take the EPT. The EPT is scheduled at the beginning of every semester. For information about writing the EPT, contact the English as a Second Language Office (ESL). For contact information for ESL, see page 65.

### ✓ **Write the Math Placement Test (MPT) (if applicable)**

The MPT is used to determine knowledge of mathematical skills required for entry into various math courses and some programs. You must register for the MPT online through your Memorial Self Service, which you can access directly off the main Memorial web page [www.mun.ca](http://www.mun.ca). For information on the MPT, contact the Department of Mathematics and Statistics, [www.mun.ca/math](http://www.mun.ca/math).

### ✓ **Register for your courses**

You can register for your courses and manage your student account using the Memorial Self Service, which you can access directly off the main Memorial web page: [www.mun.ca](http://www.mun.ca). If you are having difficulty registering, you can visit the following offices:

If you are an **undergraduate student**, the Academic Advising Office, Science Building, Room 4053, can provide you with advice on which courses to take to meet your degree requirements. For contact information for the Academic Advising Office, see page 63.

If you are a **graduate student**, make sure you follow the steps on [www.mun.ca/sgs/newstudents/index.php](http://www.mun.ca/sgs/newstudents/index.php). There are banks located near the university. You may need to make an appointment in advance. For information about banks in the city and which documents to bring with you to open an account, see page 33.

### ✓ **Pay your fees**

Your fees are generally due at the beginning of each semester. You can pay your fees through online banking if you add Memorial University as a payee and use your student number as your account number. Alternatively, you can pay your fees at the Cashier's Office, Arts and Administration Building, Room 1023. For contact information for the Cashier's Office, see page 64. Methods of payment are outlined here:

### ✓ **Familiarize yourself with campus**

It is important to familiarize yourself with the buildings and services on campus so that you know how to get to your classes on time and find supports when you need them. The best way to familiarize yourself with campus is to attend orientation. For information on Memorial's orientation, go to [www.mun.ca/orientation](http://www.mun.ca/orientation). Outside of the main orientation, a separate orientation is generally organized for graduate students by the School of Graduate Studies. For contact information for the School of Graduate Studies, see page 68. A separate orientation is also organized by the ESL office for ESL students. For contact information for the ESL office, see page 65.

You can also request a tour of campus from the Office of Student Recruitment by completing their online request [www.mun.ca/undergrad/campustours/tour\\_request.php](http://www.mun.ca/undergrad/campustours/tour_request.php). For a campus map, see page 74. For a listing of services available at the university, see page 63.

### ✓ **Buy your books**

Students are advised not to buy their books until they have attended their first class. During your first class, your professor will let you know which book(s) he or she requires you to use. Books will differ by course and by instructor. Books can be purchased through the Memorial University Bookstore, University Centre, Room 2006. Used textbooks can be purchased from students who will advertise through posters around campus or on the classified section of my.mun.ca. For contact information for the Bookstore, see page 64.

### ✓ **Explore St. John's transportation system**

There are many ways to get around the city including taking the bus, calling a taxi or driving. For more information on transportation, see page 40.

### ✓ **Take a tour of St. John's**

PSDP awards a certificate of completion to all participants who attend all of the lectures and complete all of the required tasks and assignments for the program. This certificate can be added to a personal portfolio and noted in one's own co-curricular record. To obtain a certificate of completion students must complete all the components for the program with no exceptions. Eight lecture sessions must be attended and attendance is taken. There are also a number of assignment and other requirements, including volunteer and networking components that are part of the curriculum.

**Sessions**

- 1: Introduction
- 2: Skill Identification
- 3: Small Talk and Marketing Me

### Living on Campus

On-campus housing is the responsibility of Student Residences. You can visit their office in Hatcher House, Room 313, call them at 864 7590, email them at [housing@mun.ca](mailto:housing@mun.ca) or visit their website at [www.mun.ca/hfcs](http://www.mun.ca/hfcs). If you are a graduate student, you also have the option to live in Feild Hall which is a residence managed by the Graduate Student Union (GSU). For information on Feild Hall, drop by their office on the second floor of Feild Hall, call 864 4383, email [residence@gsu.mun.ca](mailto:residence@gsu.mun.ca), or visit their website at [www.gsumun.ca](http://www.gsumun.ca). If you want to live on-campus, you need to apply early; in some cases, two semesters in advance.

### Living off Campus

If you wish to live off campus, it is your responsibility to contact rental properties and make the necessary arrangements. The IO as well as the Off-Campus Housing Office can help you.

The IO can provide you with a listing of available properties, direct you to websites where you can look for housing, answer questions related to your search, as well as answer questions related to living off campus, living with roommates and issues with landlords. If you are living off campus or you are thinking of living off campus, you should read the International Student Off-Campus Guide which is published by the IO. The guide is available online [www.mun.ca/isa/housing](http://www.mun.ca/isa/housing), or you can request a copy by visiting the IO office.

The Off-Campus Housing Office, located in Hatcher House, Room 320, can provide you with a list of rental properties and support you throughout your search. They also organize events for students living off campus. You can contact them by visiting their office, calling 864 3765, emailing [och@mun.ca](mailto:och@mun.ca) or visiting their website at [www.housing.mun.ca/och](http://www.housing.mun.ca/och).

### ***Tips on Searching for Off-Campus Housing***

#### 1. Where to look?

You can use the following websites to search for an accommodation:

- ◆ [www.mun.ca/student/DepartmentsUnits/offcampus/](http://www.mun.ca/student/DepartmentsUnits/offcampus/)
- ◆ [stjohns.kijiji.ca](http://stjohns.kijiji.ca)
- ◆ Try our exclusive landlord listing list at [www.mun.ca/isa/housing/step\\_search\\_where.php](http://www.mun.ca/isa/housing/step_search_where.php)
- ◆ You can also check out The Telegram newspaper

#### 2. Decide what accommodation suits you best

- ◆ Consider whether heat, light, cable, telephone, internet access and furniture are included in your rent or if you are responsible to pay additional costs for utilities (refrigerator and stove are usually included).
- ◆ P.O.U. means pay own utilities.

3. Call landlords to request a viewing
  - ◆ View at least three places so you can compare.
4. Make an agreement
  - ◆ A lease or fixed-term agreement covers a fixed amount of time – 6, 8, or 12 months. You are responsible for payment for the entire term of the lease. You can sublet the room to someone else with the landlord's permission.
  - ◆ A rental agreement is sometimes a month-to-month agreement, so if you want to leave you should give a notice of one full rental period.
  - ◆ However, the landlord must give you three months' notice to terminate the agreement.
  - ◆ If you share a kitchen and bathroom with the homeowner, it is a boarding arrangement and not a standard rental agreement. Disputes will be handled through Small Claims Court.
  - ◆ Put all agreements in writing.
  - ◆ Ask your landlord for their telephone number and full mailing address including the postal code. Keep in mind that the landlord is required to give you this information.
  - ◆ When paying your landlord always request a receipt. Keep these receipts as they are for your own records.
  - ◆ You are expected to pay the first month rent and a security deposit, which is equal to or less than three-quarters of your first month's rent.
  - ◆ Security deposit is **your** money that the landlord will keep until you move out. This is to cover the cost of any damages you or your guest(s) might inflict on the property. When you move out, you and your landlord decide together how the deposit will be disbursed.
5. Move in
  - ◆ Take pictures or a video to keep a record of the accommodation's condition
  - ◆ Use the off-campus condition status form, available on the Government of Newfoundland and Labrador's website, [www.gs.gov.nl.ca/landlord/condition\\_report.pdf](http://www.gs.gov.nl.ca/landlord/condition_report.pdf).
6. Take care of your place
  - ◆ You are responsible to clean up regularly.
  - ◆ Garbage is collected once per week. Thus, you need to store garbage inside or outside in sealed garbage can(s). You should bring out the garbage only on the morning of collection day and place it near the sidewalk. To find out when the garbage collection day is in your area, check the following website or ask your landlord. [www.stjohns.ca/living-st-johns/city-services/garbage-and-recycling](http://www.stjohns.ca/living-st-johns/city-services/garbage-and-recycling).
  - ◆ Recycling is picked up once every two weeks. Garbage and recyclable materials must be kept separate. For information on the St. John's recycling program, visit [www.curbitstjohns.ca](http://www.curbitstjohns.ca).
  - ◆ You are responsible for damages caused by you or your guest(s). Report repairs to your landlord. If repairs are not completed in a reasonable time, you may make a formal request for repairs by contacting the Residential Tenancies Division.

- ◆ Below is a simple list of emergency numbers:

### 4.3 Employment

Working on or off campus while you are a student can be a very rewarding experience. You can bring your diverse background, skills and languages to an employer and meet new people while gaining valuable work experience.

#### ***International Student Eligibility to Work in Canada***

Consult the Immigration, Refugees and Citizenship Canada (IRCC) website for information on your eligibility to work in Canada, [www.cic.gc.ca/english/study/work.asp](http://www.cic.gc.ca/english/study/work.asp).

Your immigration document issued by IRCC is what permits you to work in Canada; however, you will also require a valid Social Insurance Number (SIN) to engage in employment in Canada. For information on applying for a SIN, see page 23.

#### ***Seeking Employment***

To find employment in Canada, you will need to know where to look, have an effective cover letter and résumé and possess strong interview skills.

#### ***Where to look***

Some jobs are posted on websites or around campus while others are not. Those that are not posted are often referred to as part of the “hidden job market” and require you to approach potential employers to express your interest in working with them.

#### ***Jobs on campus***

There are several employment programs at Memorial that can help you get experience with a job on campus. These include.

1. Memorial Undergraduate Career Experience Program (MUCEP): 40 and 80-hour positions for full-time undergraduate international and Canadian students
2. International Student Work Experience Program (ISWEP): 40 and 80-hour positions for full-time undergraduate international and ESL students
3. Graduate Student Work Experience Program (GradSWEP): part-time jobs for full-time graduate students
4. Student Work and Services Program (SWASP): part and full-time positions for student parents in fall and winter term; open to all students in spring term

Outside of these programs, there are offices on campus that hire students. These include:

- ◆ Alumni Affairs & Development
- ◆ Information Technology Services
- ◆ Facilities Management
- ◆ Student Residences
- ◆ Aramark (Food Services)
- ◆ Graduate Students' Union (GSU)
- ◆ MUN Bookstore
- ◆ MUN Student Union (MUNSU)

- ◆ The Muse
- ◆ Queen Elizabeth II Library
- ◆ The Works

### ***Jobs off campus***

Off-campus jobs are sometimes posted on websites both external and internal to the university and are sometimes communicated to students via the international student listserv or the Centre for Career Development listserv. Upon registration with the Internationalization Office (IO) you are automatically signed up for the international student listserv. To sign up for the Centre for Career Development's listserv, send an email to [cdel@mun.ca](mailto:cdel@mun.ca) with LISTSERV in the subject line.

In addition to the information presented in the handbook and on the IO website, the Transitions Program Coordinator can assist you with ways to effectively approach employers, and advise you of posted job opportunities. To schedule an appointment, visit [www.mun.ca/isa/employment/](http://www.mun.ca/isa/employment/) for instructions.

### **Cover Letter, Résumé and Curriculum Vitae Writing**

A cover letter is a one page letter that you send with a résumé when applying for a job. It should address the position you are applying for, the employer you are applying to, why you are interested in the position and outlines the skills you have to perform in the position.

A résumé is used for job search and is usually 1-2 pages in length. It provides an overview of your experiences to date which generally includes your education, work experience, volunteering, skills, interests and/or hobbies.

A curriculum vitae (CV) is used for academic job search or continued research, schooling or experience in the academic field and is not used for job search in industry. The purpose of a CV is to present a complete picture of the breadth and depth of academic experiences you have accumulated, which might include a list of your publications, presentations, teaching experiences, honors, grants, and dissertation abstracts.

For a templates and guides on résumé, cover letter and CV writing, refer to the employment section of the IO website, [www.mun.ca/isa/employment/rescvandcover.php](http://www.mun.ca/isa/employment/rescvandcover.php). The Transitions Program Coordinator is also available to meet with you to assist you in writing your cover letter, résumé or CV. To schedule an appointment, visit [www.mun.ca/isa/employment/](http://www.mun.ca/isa/employment/) and follow the instructions.

### **Interview Skills**

An interview is a common method that employers, faculty, community organizations and industry use to learn more about you. They meet with you and ask questions to get detailed information about your skills, education and background while deciding if you are the best candidate for the job. For interview tips and a list of commonly asked questions in an interview, visit the employment section of the IO website, [www.mun.ca/isa/employment/interview.php](http://www.mun.ca/isa/employment/interview.php).

The Transitions Program Coordinator is also available to meet with you for a mock interview. A mock interview is a pretend interview that includes questions and feedback to prepare you when you have a real interview. To schedule an appointment, visit [www.mun.ca/isa/main/career.php](http://www.mun.ca/isa/main/career.php) for instructions.

### **Professional Skills Development Program**

If you are interested in learning more about working in NL or Canada you may wish to apply for the Professional Skills Development Program (PSDP). The PSDP helps you prepare for professional employment in NL and throughout Canada. The program is offered every semester for undergraduate and graduate students and the goal is to instill a level of Canadian job search knowledge and preparation to assist students throughout their academic study and after graduation. To learn more about this program, visit: [www.mun.ca/isa/employment/psdp.php](http://www.mun.ca/isa/employment/psdp.php)

#### 4.4 Social Insurance Number (SIN)

A Social Insurance Number (SIN) is a nine-digit number that you need when you get a job so you can get paid. You are eligible for a SIN card. You do not need a SIN card if you are not employed. Your SIN will start with the number '9' and all SINs beginning in this number will only be valid until the end of your authorized stay in Canada. After you renew your study or work permit, remember to also renew your SIN.

International students need to take their study permit to apply for SIN. Details are as follows: (<http://www.servicecanada.gc.ca/eng/sin/apply/proof.shtml>)

Generally, to apply for a SIN, a student who has either “may accept employment” or “may work” statement on the study permit must have

- 1) a valid study permit
- 2) a completed application form

A study permit issued by CIC is acceptable **only when it indicates that the permit holder “may accept employment” or “may work” in Canada**. If neither of these statements is on your study permit, you will need to submit a request to Immigration, Refugees and Citizenship Canada (IRCC) for an amendment to your study permit before a SIN application can be completed. If the study permit indicates that you cannot work off campus and you have recently entered a program of study which makes you eligible to work off campus, then you will need to apply for a new study permit. If you need assistance or advice on the process, you can book an appointment for Immigration Advising Services. To book an appointment, go to your my.mun.ca and book an IO appointment in the Student Services tab.

You can get to the local Service Canada Office by taking Metrobus Route 2 on Elizabeth Avenue across from the Arts and Administration Building. Service Canada is located at 223 Churchill Avenue.

## Education

### *Canada Education System (Kindergarten to Grade 12)*

Children in Canada usually start their education at ages 5-7 in Kindergarten. Kindergarten to Grade 12 (K-12) education is publicly funded and free to all Canadian citizens and permanent residents until the end of secondary school — normally, age 18.

The school year for K-12 schools is normally September to June. Following elementary or middle school, children proceed to high school (also called secondary school or senior high school) where they stay until they complete grade 12. Curriculum programs at the secondary level include both academic and vocational programs. The academic program provides students with the credits necessary to meet the entrance requirements of universities and colleges. The vocational program prepares students with the credits necessary to continue their studies at a postsecondary college, or to enter the job market. Secondary school diplomas are granted to students who pass the compulsory and optional courses of their programs — academic or vocational.

### *School Registration*

To enrol your child in school, contact the Newfoundland and Labrador English School District. The school district will refer you to the principal of a school in your area. For your interview with the principal, you will need to bring such things as your child's school records, proof of your child's age (birth certificate or passport), proof of address (copy of a bank statement, telephone bill, electricity bill or lease/rental agreement with your name and address), MCP number, medical information or a health certificate. The principal will inform you of the exact documents you are required to provide.

You should contact the school board as soon as possible so that you can place your child in a school close to your home before the classes are full.

**Parenting in Canada**

There is a wide range of resources produced by the Public Health Agency of Canada to help parents and parents-to-be in raising children.

*Parenting Resources and Support*

Parents-to-be and parents often need answers to questions they may have about raising their families in a safe and healthy environment. They may also need professional advice and support to help balance the challenges of working while raising children and making sure that children's needs come first when parents are not living together.

*Parenting Children with Special Needs*

Some children and youth require special attention and more resources to support their growth and development to adulthood. Children with special needs include those with physical, sensory, cognitive and learning challenges as well as those with mental health issues. Children with problems that are due to social, cultural, linguistic or family factors also have special needs

## 4.6 Health Insurance

As a registered student, you are automatically covered by Memorial's Foreign Health Insurance Plan.

Post-docs, visitors, and dependents are not automatically covered under the foreign health insurance. If you are a visitor, post-doc, or you have a spouse or children accompanying you in Canada, you can opt yourself or your dependents into the Foreign Health Insurance Plan by visiting the IO and completing an Opt-In form for dependents before the deadline (usually the end of the first two weeks of classes).

You are eligible to cancel your foreign health insurance if:

- ◆ You are sponsored by a group which provides insurance, such as WUSC, CIDA, CBIE, Saudi Arabian Cultural Bureau or Canadian Commonwealth scholarship
- ◆ You are a refugee claimant and covered under the federal government
- ◆ You are studying by distance education and finishing your program in your home country or the United States

You have to cancel your insurance yourself. To cancel, you must complete an Opt-Out form and show proof of alternative coverage before the deadline (usually the end of the first two weeks of classes). To complete the form, drop by the IO Office or download the form from the web, [www.mun.ca/isa/health](http://www.mun.ca/isa/health).

You are eligible to cancel your foreign health insurance and transfer your insurance to a student union plan if one of these statements applies to you:

- ◆ I am a full-time graduate student with MCP valid for a minimum of 6 months from the date of issue\*
- ◆ I am a full-time ESL or undergraduate student with MCP valid for a minimum of 6 months from the date of issue\*

*\*For information about MCP, see page 30.*

Student union health insurance plans have different coverage than the foreign health plan and are usually less expensive. For information about student health insurance plans, visit our website, [www.mun.ca/isa/health](http://www.mun.ca/isa/health) or speak to staff in the IO Office.

To transfer your insurance, you must complete an Opt-Out form and present your MCP card to the IO Office before the deadline (usually the end of the first two weeks of classes). Medical students are only eligible to transfer their insurance in the fall semester and MI students are not eligible to do this in the Spring. To complete the form, drop by the IO Office or download the form online, [www.mun.ca/isa/health](http://www.mun.ca/isa/health).

Note: You might need to make an appointment to open a bank account, so call before you go.

You will be given an “Interac card” or Automated Teller Machine (ATM) card which you can use in the bank machines and in stores (to pay for purchases). Machines usually have English and French options and some have Chinese as well.

## 5.2 Shopping in Newfoundland

Some items you may need to purchase upon arrival include:

- ◆ Bed linen
- ◆ Towels
- ◆ Kitchen supplies— pots, pans, plates, cutlery
- ◆ Cleaning supplies— mop, broom, cleaning products, oven cleaner, etc.
- ◆ Groceries
- ◆ Furniture
- ◆ Telephone (see more information on page 50)

There are several shopping areas in St. John's.

1. **Avalon Mall:** an indoor shopping mall. Includes the department store Sears and Homesense, and a dollar store. To Google map the Avalon Mall, search postal code A1B 3P8.
2. **Kelsey Drive:** large box stores located off Kenmount Road. Includes a Wal-Mart, Canadian Tire and Sobeys (grocery store). To Google map Kelsey Drive, search postal code A1A OC7.

All of these areas are accessible by bus. Visit [metrobus.com](http://metrobus.com) or call 722 9400 to find out which bus to take. If you wish to take a taxi, you can call a taxi company and ask the approximate fare. For more information on transportation in the city, see page 40.

Here are some tips on shopping in Canada:

- ◆ Returning items
  - Some stores will allow you to return items while others will not.
  - Make sure you ask before you buy and when you make a return, bring the original receipt with you.
- ◆ Sales Tax
  - Everywhere you go, you will have to pay sales tax on what you purchase.
  - Here in Newfoundland and Labrador, the sales tax is 15 per cent, which means that you must pay an additional 15 per cent of the purchase price on the item you are buying. There are some exceptions.

## ◆ Store Hours

- Most businesses are open from 10 a.m. - 5 p.m., but hours can vary. Most grocery stores, shopping malls and clothing stores are open until 9 or 10 p.m. Most stores will close on public holidays, such as New Year's Day (January 1), Canada Day (July 1), Labour Day (September 7, 2015), and Christmas Day (December 25).

## 5.6 Newfoundland and Labrador ID Card or Driver's Licence

You do not require an NL ID card but you may be asked to show government issued photo ID. Your passport would satisfy this requirement, but students may not wish to carry around their passports whenever the presentation of an ID is required. In this case, you should get an NL ID card. For a Newfoundland and Labrador ID Card, you must visit the Department of Government Services, Motor Registration Division, and bring the following with you:

- ◆ Your passport and Study Permit
- ◆ Your MUN ID (see page 6) and/or MCP card (see page 32) and/or SIN card (see page 23)

The Department of Government Services, Motor Registration Division is located at 149 Smallwood Drive, Mount Pearl. To get there:

If you have any questions about how to get a Newfoundland and Labrador driver's licence, you can contact the department by calling 729 6955 or visiting their website, [www.gs.gov.nl.ca/drivers/index.html](http://www.gs.gov.nl.ca/drivers/index.html).

## 6. Settling in Canada

### 6.1 Getting Familiar with Your New Environment

It is expected that in addition to the transition to university life, some but not all international students will go through a process of culture shock. There may be many aspects to Canadian life, such as climate, relationships, food and the education system that are unfamiliar and difficult to understand. Below we outline:

- ◆ Signs of culture shock
- ◆ Dealing with culture shock in particular how you can get involved with student groups on campus
- ◆ Weather
- ◆ Food
- ◆ Religious communities
- ◆ Classroom
- ◆ University regulations

Some signs that you may be experiencing culture shock are:

- ◆ Loss of appetite or overeating
- ◆ Inability to sleep or sleeping too much
- ◆ Tiredness and irritability
- ◆ Feeling alone and isolated
- ◆ Substance abuse
- ◆ Feeling powerless

Here are some ideas on how to deal with culture shock:

- ◆ Know that your reactions are normal and be patient; culture shock may not disappear within a few days, but it will pass.
- ◆ Get to know the people who work in student support areas and speak with them about your experiences. Some of these offices include the Internationalization Office, the Student Wellness and Counselling Centre and Answers.
- ◆ Try to attend activities organized for international students. The IO organizes weekly events: Discussion Group every Wednesday from 4 - 5 p.m. (3:30 - 4:30 p.m. in the summer); And Coffee Club every Friday from 3 - 5 p.m. (3 - 4:30 p.m. in the summer)
- ◆ Stay in contact with family and friends back home using online programs like Skype or social networking sites like Facebook.
- ◆ Keep your habits from home. If you attend church, find out about multi-faith centres in St. John's. If you observe holidays in your home country, celebrate them here. For a map listing religious and multi-faith centres in St. John's, see pages 70-71. The university's Chaplaincy may also be of help: [www.mun.ca/chaplaincy/](http://www.mun.ca/chaplaincy/)
- ◆ Participate in Memorial events; attend a Sea Hawks game or I love MUNdays events

- ◆ Become involved with Memorial sports programs, or establish a routine of daily exercise. As part of your tuition, you pay a recreation fee to use the fitness facilities on campus.
- ◆ Learn as much about your new environment and Canadian culture as you can. Continue reading the following two sections of the Handbook that outline some basic information about climate, food, the classroom and social issues in Canadian culture.
- ◆ Volunteer. Contact the Student Volunteer Bureau on campus to find out how. Visit them on the 3 floor of the University Centre or email [svb@mun.ca](mailto:svb@mun.ca).
- ◆ Get involved with student clubs and societies on campus to meet other students. A few groups are listed below. For a complete list of these groups, visit the MUNSU website at [www.munsu.ca](http://www.munsu.ca).
  - ◆ Association of Iranian Students at Memorial University (MUN Iranians), [www.mun.ca/muniranians](http://www.mun.ca/muniranians)

## Weather

St. John's has a temperate climate. Winter temperatures range from -10 degrees Celsius to 0 degrees Celsius. On average, the annual rainfall is 1,191 millimetres and annual snowfall is 322 centimetres. During the summer months, the temperature can go from cool to hot with an average of 20 - 23 degrees Celsius. Even on the hottest day, it can be quite windy. It is important to dress appropriately for all seasons, but students should especially consider their clothing during the winter months since winter weather can be unforgiving.

## Winter Weather

Winter weather means high wind chills, heavy snowfalls, blizzards, freezing rain and extremely cold temperatures. This can make it extremely difficult to get around outside. Winter in Newfoundland and Labrador can last for almost eight months. Snow can arrive in late October and usually sticks around until March or April. This can mean little sunshine which can impact mood. If you have concerns about this, or want to learn more, speak with an international student advisor at the IO or contact the Counselling Centre, University Centre, Room 5000. It is important to dress appropriately in the winter and to take care when traveling, whether it be by car or on foot.

*Dress*

- ◆ Dress warmly in layers
- ◆ Expose as little skin as possible in very cold weather
- ◆ Wear wool socks and waterproof boots to keep feet warm
- ◆ Keep your hands covered by wearing warm mittens or gloves
- ◆ Protect ears and forehead by wearing a warm winter hat
- ◆ Protect your neck by wearing a scarf or turtleneck sweater
- ◆ Layering your clothes will help to keep you warm since wearing layers of loose fitting clothing such as a fleece, will trap body heat
- ◆ When choosing a winter jacket, make sure it is
  - Waterproof or water resistant
  - Large enough that you can wear a sweater underneath
  - Has a high collar or hood
  - Is long, nearly knee length

*Pedestrian Safety*

Sidewalks often disappear in winter and pedestrians are may be forced to walk on the streets.

- ◆ Walk facing oncoming traffic and be prepared to climb up onto the snow bank if necessary.
- ◆ If walking in the evening or at night wear reflectors or lights so that you are visible to the drivers.
- ◆ Never assume that a driver will see you
- ◆ Be aware that roads can be covered in snow and ice and drivers will not be able to stop quickly

**Food**

Food commonly found in grocery stores in Canada will differ from the types of food you are used to. Some students will bring spices with them from home. But there are some specialty food stores where you will be able to find ethnic foods. See Food and Groceries on page 36.

**Religious Communities**

On pages 70-71 you will find a map that outlines the various places of worship in St. John's. For a complete list and more detailed information about these communities, refer to these web resources:

- ◆ Religion and Faith Community Profiles: [www.arts.mun.ca/localreligions/](http://www.arts.mun.ca/localreligions/)
- ◆ Directory of Churches and Places of Worship:  
[www.stjohnsanglicancathedral.org/directory.html](http://www.stjohnsanglicancathedral.org/directory.html)

The university's Chaplaincy may also be of help: <http://www.mun.ca/chaplaincy/>

### The Classroom

The Canadian classroom may be more informal than the classroom environment you have been used to. While the atmosphere is casual, professors and students treat each other with respect.

- ◆ You are expected to arrive for class on time
- ◆ Raise your hand to make a comment
- ◆ Remain silent while others are speaking
- ◆ Refer to your professor as doctor, professor, Sir, or Ms. If the professor says it is acceptable, you may call the professor by his or her first name.
- ◆ Professors expect students to be active participants in class, so be prepared to voice your opinions during class discussion. Many professors will grade their students based on their level of class participation.
- ◆ In addition to familiarizing yourself with the Canadian classroom, you may also need some assistance in developing or improving your study skills in your second language. The Counselling Centre offers many workshops. The Writing Centre can help you review a paper before it is due. And if you are struggling in class, you should make an appointment to see your professor as they may have some suggestions for you. You can also visit the IO.

### University Regulations

All registered students at Memorial University must abide by the university regulations as outlined in the University Calendar, [www.mun.ca/regoff/calendar](http://www.mun.ca/regoff/calendar). The University Calendar covers both academic and non-academic regulations. The details of these regulations are many and too elaborate to include here, however, as a new student it is important to be aware of the university's policy around plagiarism. Plagiarism means presenting another person's work as your own, and is considered an academic offence at Memorial. Information about plagiarism can be found on the Writing Centre's website, [www.mun.ca/writingcentre](http://www.mun.ca/writingcentre), and is often addressed in course syllabi handed out at the start of the semester.

In addition to plagiarism, the Student Code of Conduct is also of note. The details of this policy can be found online at [www.mun.ca/student/conduct](http://www.mun.ca/student/conduct).

Outside of these regulations and codes, Memorial has established policies and procedures that govern a multitude of disciplines and practices. For information about university policies, visit [www.mun.ca/policy](http://www.mun.ca/policy).

## 6.2 Adjusting to Canadian Culture

Moving to a new country means being introduced to a new set of customs and policies. Below we outline some important social practices in Canada that may differ from your home country, such as:

- ◆ Communication
- ◆ Cigarettes, alcohol and drugs
- ◆ Hygiene
- ◆ Forming relationships
- ◆ Dating and sex
- ◆ Sexuality
- ◆ Harassment
- ◆ Eating at restaurants

As you learn about our culture, it is important to keep your own standard of values. If religion or lifestyle prevents you from eating certain foods, or from drinking alcoholic beverages, you should not be embarrassed or feel obligated to explain that to your host or hostess.

### Communication

#### *Courtesy*

Canadians use the words “please”, “thank-you”, and “excuse me” as a means of courtesy.

- ◆ “Please” if you are asking for something of another person.
- ◆ “Thank-you” to show your appreciation when someone has done something for you.
- ◆ “Excuse me” is used when you need to ask someone’s help for something, when you walk across the path of another person, or you do or say something that may be offensive to some people.

#### *Greetings*

- ◆ Generally, you call your peers by their first name, and those older than you by Mr. or Ms., followed by their last name.
- ◆ If someone asks you to call them by their first name (even if they are older than you), it would be impolite not to do so.

### Hygiene

Canadians place a large focus on cleanliness. It is common for both men and women to shower daily. It is also common for people to wear mild underarm deodorants. Many Canadians are offended by natural body odor, and do everything they can to avoid it – in themselves and others. However, perfumes and colognes that are very strong are also considered offensive. A small amount is acceptable. You should also be aware that some offices have a scent-free policy and you should respect these policies.

**Visiting and calling people**

Most Newfoundlanders have a casual type of hospitality. This means that from time to time people drop by someone's house for a visit. But before you show up on someone's doorstep, you should call to make sure it is okay to visit.

**Eating at restaurants**

When you go out to eat at a restaurant, after you finish your meal, it is customary to leave a tip or gratuity for your server. Tips are amounts of money that are usually given to someone who works in a restaurant, bar, hotel, or salon when they have given you good service. Tips are usually 15 per cent of the total bill before sales tax.

**Cigarettes, alcohol and other drugs**

In Newfoundland and Labrador, alcohol and cigarettes are legal. However, other uncontrolled drugs and substances are illegal. While bonded alcohol and cigarettes are legal in Canada, they are regulated:

- ◆ You must be 19 years of age or older to purchase alcohol or cigarettes.
- ◆ It is illegal to smoke in any enclosed public space.
- ◆ If you are visiting someone at their house, ask permission before lighting a cigarette.
- ◆ Spirits can only be purchased at liquor stores during regular store hours, and beer can be purchased at convenience stores and gas stations from 12 p.m.—2 a.m.
- ◆ When purchasing alcohol or cigarettes, you must show ID to prove that you are of legal age.
- ◆ It is illegal to drink in a public place, such as a park or on the street.
- ◆ It is illegal to be drunk and disorderly in public.
- ◆ It is illegal to drive while under the influence of alcohol or drugs.

If you are caught by the police performing any of these illegal activities, you could be fined, put in jail, lose your driver's licence or even be deported.

If you do not want to drink alcohol, smoke or do drugs, you should never feel pressured to do so. If you do decide to engage in any of these activities, be responsible – don't exceed your limit and do not drink from a glass that has been left unattended. There are some odourless, colourless and tasteless drugs that can be dropped into your drink without your knowledge which can cause you to become vulnerable to robbery, assault and rape.

**Forming relationships**

When you meet a new person, it is customary in Canada to shake their hand and introduce yourself and say hello. Do not be afraid to smile or to laugh. In Canada, eye contact is essential to making new relationships work.

**Dating and sex in Canada**

If someone asks you out on a date, you have the right to politely decline, but if you do decide to date someone you should keep in mind the following things:

- ◆ Costs are usually shared on a date - which means that each person pays for their own way. If your date offers to “treat you”, this means that they want to pay for the date. Just because your date pays for you it does not imply a promise of physical intimacy.
- ◆ Know your sexual limits and stick with them, and be sure to communicate with your date so they know where you stand.
- ◆ If you find yourself in a situation where you feel uncomfortable on a date, you always have the right to say “no.” In Canada, the lack of restraint (that is, if you do not fight someone off) does not give your date consent - only “yes” means “yes”. It’s your choice how sexually active you want to be, and it’s your date’s responsibility to respect your choices - it’s the law.
- ◆ Just in case you and your date have an argument or disagreement, and you find yourself wanting to get away from the dispute, be sure you have extra cash to take a taxi. That way, you do not have to be uncomfortable in any situation, nor depend on your date to drive you home.

If you choose to have sex with the person you are dating, remember to take the following precautions to prevent disease and/or pregnancy:

- ◆ You and your partner should have a discussion prior to being sexually intimate about sexually transmitted infections (STIs), HIV and AIDS.
- ◆ If either of you have had sex with other people, you should get checked by a doctor prior to having sex together to ensure that neither of you carry an STI , HIV or AIDS.
- ◆ You should use contraceptives such as condoms to reduce the risk of unplanned pregnancies and the spread of infections. These can be purchased at a drugstore.

**Sexuality**

People who are attracted to others of the same gender, or have a different gender identity than from their time of birth call themselves homosexual, lesbian, gay, bisexual or transgendered. In Canada, same sex marriage is legal.

**Harassment**

It is important to remember that in Canada, you must show respect for everyone, regardless of their sexual orientation, religious affiliations, physical or mental disabilities, age, race, ethnicity, political opinion, or gender. Harassing or discriminating against people on any of these bases is an offence under the Canadian Human Rights Act and the Newfoundland Human Rights Code. If you feel that you have been a victim of harassment, the IO Office can help you. Please call 864 8895 or email isa@mun.ca to make an appointment. We will keep everything confidential. You may also directly contact the Sexual Harassment Office at 864 2015 or the Counselling Centre at 864 8874.

***Newfoundland culture*****The language of Newfoundland and Labrador**

While you are in Newfoundland, you may encounter someone who has a Newfoundland accent that you may have trouble understanding. Our Newfoundland dialect is part of what makes us proud of who we are and is a big part of our cultural heritage. There is no need to worry if you get lost in translation. To help you, here are some tips:

- ◆ Occasionally Newfoundlanders add the letter 's' to words in a non-standard place, and we use the word 'some' to express the amount of something, instead of 'very'. For example, someone may say "I likes that some lot" instead of "I like that very much".
- ◆ We also tend to end our sentences with prepositions, like the words 'to' and 'at'. The best example of this type of sentence would be "Stay where you're to, 'til I comes where you're at, b'y." This means "Stay where you are and I'll come meet you." The "b'y" is our way of saying 'friend' and is not meant to mean 'boy' or anything negative.
- ◆ Body Language: Newfoundlanders generally smile, laugh a lot and talk to people they have never met before. They might even wink at you – this is a friendly gesture and not meant to imply anything more than a greeting.

## 6.3 Understanding the Canadian Tax System

### ***Sales tax (HST)***

Sales tax in Newfoundland and Labrador is 15 per cent. That means when you buy most items 15 per cent of the price is added on. The Government of Canada provides a rebate to help with paying the tax: If you have a low or modest income, you are eligible to apply for a GST/HST credit to receive some money back on the goods and services tax you pay. The credit is approximately \$250 per year. You must be 19 years of age to be eligible. To apply, you must request the credit when you submit your income tax return.

### ***Income tax***

In Canada, tax is paid on income, including working income and interest income. Your employer may deduct income tax each time you are paid. Each year in March/April, residents of Canada will submit an income tax return to report income made and income tax that has been deducted. This is to determine tax amounts owing or due for refund and to calculate your GST/HST rebate.

For students, tuition amounts are deducted from income amounts before taxes are calculated. Keep all tax documents from your employer, from Memorial University and from the Canada Revenue Agency. You will need these in March/April. Ensure that these organizations always have your current address so that you receive these important documents.

The IO arranges information sessions to help you complete and submit your tax return. Information about these sessions will be communicated to you via the international student listserv and posted on our website. If you are not receiving these messages, email [isa@mun.ca](mailto:isa@mun.ca) to request to be added to the listserv.

### ***Why should I do my taxes?***

- ◆ You must complete an income tax return to be considered for the GST/HST credit, a quarterly payment to offset sales tax cost. You are not required to keep sales receipts to apply for this credit.
- ◆ Most international students will qualify to be Canadian residents for tax purposes. If you have an apartment, a bank account, a bus pass, etc., it shows that you have residential ties to St. John's. As a resident of Canada for part or all of a tax year (Jan. 1 to Dec. 31), you must file an income tax return if you owe tax; or if you want to receive a refund because you paid too much income tax in a tax year. Scholarships are not taxed. Generally, students do not pay income tax. Income tax that was deducted from your pay cheques will likely be returned.
- ◆ You will begin accumulating tuition credits. This may not help you now, but if you remain in Canada after graduation, these tuition credits will significantly reduce the amount of income tax you have to pay when you start working. If you had taxes deducted from your pay cheque last year, it will likely be refunded to you.

- ◆ If you have children (and once you have been a resident of Canada for 18 months) you can register for the Child Tax Benefit. This is a monthly payment from the Government of Canada for the support of your children, and again requires annual completion of the income tax return for both you and your spouse. ## 6.4 Canadian Holidays

**Sept. 5:** The first Monday in September is Labour Day. This holiday marks economic and social achievements of workers in Canada and is a statutory holiday for all workers.

**Oct. 12:** Thanksgiving is a holiday for Canadians to spend time with friends and family. Many people eat a dinner of turkey to celebrate.

**Oct. 31:** While not a holiday, Halloween is a fun tradition. Many people, especially children, dress up in costumes on this day. Children go trick-or-treating in the evening, travelling from door-to-door in search of candy and other treats.

**Nov. 11:** Remembrance Day honours the sacrifices of Canadian soldiers in wartime. There are ceremonies to mark the occasion, and many people wear a red poppy on their clothes in remembrance of soldiers who have died.

**Dec. 25:** Christmas is the largest Christian holiday of the year, and is celebrated by most Newfoundlanders. Common events include singing songs, spending time with friends and family and exchanging gifts.

**Dec. 31:** New Year's Eve is the last day of the year. Many people attend New Year's Eve parties in celebration of the New Year at midnight.

**Feb. 14:** Valentine's Day is a day when people tell each other how much they care. Pink and red hearts and lots of chocolate are common.

**March 17:** St. Patrick's Day is an Irish tradition that has been carried on by Newfoundlanders of Irish descent. Many people wear green to celebrate their Irish heritage.

**April 16:** Easter is another important Christian holiday. Colorful painted Easter eggs and chocolate treats are common gifts at this time.

**May 22:** Victoria Day weekend (or May 24 weekend) is in memory of Queen Victoria, who ruled Britain for much of the 19<sup>th</sup> century. Because it is at the beginning of summer, many people in Newfoundland like to go camping or do other outdoor activities on this weekend.

**July 1:** Canada Day is the anniversary of the founding of Canada, and is celebrated all over the country with ceremonies, parties and fireworks. In NL, this day is also known as Memorial Day and commemorates the date of the Battle of Beaumont Hamel in First World War, where the Royal Newfoundland Regiment sustained heavy losses.

**August:** Regatta Day is usually the first Wednesday in August (weather-permitting\*). On this holiday, people from St. John's and area gather at Quidi Vidi Lake to watch the rowing races and play games at the fair along the lake shore.

*\* May be postponed to a later date because of weather. Listen to your radio for an early morning announcement.*
